5.	Overseas securities	If the Scheme decides to invest in foreign securities, such investments will not exceed 25% of the net assets of the Scheme.	Paragraph 12.19 of SEBI Master Circular for Mutual Funds.
6.	Other / own mutual funds	The scheme may invest in the units of Mutual Fund Schemes. Such investment shall not exceed 5% of the net asset value of the Fund. The Maximum exposure to Liquid & Debt schemes of PGIM India Mutual Fund shall not exceed 10% of net assets of the scheme.	Clause 4 of Seventh Schedule of SEBI (Mutual Funds) Regulations, 1996
7.	Repo/ reverse repo transactions in corporate debt securities	The scheme may participate in corporate bond repo transactions. Gross exposure of the scheme to repo transactions in corporate debt securities shall not be more than 10% of the net assets of the scheme.	Paragraph 12.18 of SEBI Master Circular for Mutual Funds
8.	Short selling of securities	The Scheme may engage in short selling of securities in accordance with paragraph 12.11 of SEBI Master Circular for Mutual Funds	Paragraph 12.11 of SEBI Master Circular for Mutual Funds

In terms of paragraph 12.24 of SEBI Master Circular for Mutual Funds, the cumulative gross exposure through equity, debt, money market instruments and derivative positions, repo transactions in corporate debt securities and other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time shall not exceed 100% of the net assets of the scheme.

Pending deployment of funds of the Scheme in securities in terms of the investment objective of the Scheme the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines specified in paragraph 12.16 of SEBI Master Circular for Mutual Funds, as amended from time to time. The Scheme will comply with the following guidelines/restrictions for parking of funds in short term deposits:-

- a. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
- b. Such short-term deposits shall be held in the name of the Scheme.
- c. The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with the approval of the Trustee.
- d. Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- e. The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- f. The Scheme shall not park funds in short-term deposit of a bank which has invested in the said Scheme. Further Trustees/AMC shall also ensure that a bank in which scheme has short term deposit does not invest in the Scheme until the Scheme has short term deposits with such bank.
- g. AMC shall not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

However, the above provisions will not apply to term deposits placed as margins for trading in cash and derivatives market.

Overseas Investments by the Scheme:

According to paragraph 12.19 of SEBI Master Circular for Mutual Funds, mutual funds can invest in certain permissible foreign securities.

As per paragraph 12.19 of SEBI Master Circular for Mutual Funds such investments are subject to an overall limit of US\$ 7 billion for all mutual funds put together. The Mutual Funds have been allowed an individual limit of US\$ 1 billion for overseas investments. The Scheme may, with the approval of SEBI/RBI invest in foreign securities as specified by SEBI. The overall ceiling for investment in overseas ETFs that invest in securities is US \$ 1 billion subject to a maximum of US \$ 300 million per mutual fund.

The AMC is allowed to invest in overseas securities/ETF upto 20% of the average Asset Under Management ('AUM') in overseas securities/ETF of the previous three calendar months subject to maximum limit of USD 1 billion per Mutual Fund. The above limits shall be considered as soft limits for the purpose of reporting only by Mutual Funds on monthly basis as per paragraph 12.19.1.3(d) of SEBI Master Circular for Mutual Funds.

The Mutual Fund may, where necessary will appoint intermediaries as sub-managers, sub-custodians, etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses.

The dedicated fund manager appointed for making overseas investments by the Mutual Fund will be in accordance with the applicable requirements of SEBI.

Portfolio Rebalancing:

As per paragraph 2.9 of SEBI Master Circular for Mutual Funds, as may be amended/ clarified from time to time, in the event of passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within thirty (30) business days. In case the portfolio is not rebalanced within the period of thirty (30) business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid regulation including reporting the deviation to Trustees at each stage.

Short term defensive consideration:

Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations in line with paragraph 1.14.1.2(b) of SEBI Master Circular for Mutual Funds and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation.

Investment Strategy

The Scheme will actively manage a diversified portfolio of strong growth companies with sustainable business models. Since investing requires disciplined risk management, the AMC would incorporate safeguards seeking to control risks in the portfolio construction process. Risk is also expected to be reduced through diversification of the portfolio, which the AMC aims to achieve by spreading the investments over a range of industries, sectors and market capitalizations.

Under normal market conditions, majority of the portfolio of the Scheme will be invested in equity and equity related securities; a smaller part of the portfolio of the Scheme will be invested in money market instruments and debt securities issued by corporates and/or State and Central Government. This component of the portfolio will provide the necessary liquidity to meet redemption needs and other liquidity requirements of the Scheme. Government securities may include Securities which are supported by the ability to borrow from the treasury or supported only by the sovereign guarantee or of the State Government or supported by GOI or any other State Government in some other way.

The Investment Manager will select equity securities on bottom up stock-by-stock basis across market cap spectrum, with consideration given to price-to-earnings, price-to-book, and price-to-sales ratios, as well as growth, margins, asset returns, and cash flows, amongst others. The Investment Manager will use a disciplined quantitative analysis of financial operating statistics. In selecting individual investment opportunities for the portfolio, the Investment Manager will conduct in-house research in order to identify

various investment opportunities. The company– wise analysis will focus, amongst others, on the historical and current financial condition of the company, potential value creation/unlocking of value and its impact on earnings growth, capital structure, business prospects, policy environment, strength of management, responsiveness to business conditions, product profile, brand equity, market share, competitive edge, research, technological know–how and transparency in corporate governance.

DERIVATIVE STRATEGY

The Scheme may invest in various derivative instruments which are permissible under the applicable regulations. Such investments shall be subject to the investment objective and strategy of the Scheme and the internal limits if any, as laid down from time to time. These include but are not limited to futures (both stock and index) and options (stock and index). Derivatives are financial contracts of pre-determined fixed duration, whose values are derived from the value of an underlying primary financial instrument such as interest rates, exchange rates, commodities and equities. There are several advantages in using derivatives in the portfolio. The use of derivatives provides flexibility to the Scheme to hedge whole or part of the portfolio.

The risks associated with derivatives are similar to those associated with underlying investments. The additional risks of using derivative strategies could be on account of:

- Illiquidity;
- Potential mispricing of the Futures/Options;
- Lack of opportunity;
- Inability of derivatives to correlate perfectly with the underlying (Indices, Assets, Exchange Rates);
- Cost of hedge can be higher than adverse impact of market movements;
- An exposure to derivatives in excess of the hedging requirements can lead to losses;
- An exposure to derivatives can also limit the profits from a genuine investment transaction.
- The prices which are seen on the screen need not be the same at which execution will take place.

For detailed risks associated with use of derivatives, please refer paragraph “Scheme Specific Risk Factors”

For further details regarding concepts and examples of derivatives that may be used by the fund manager, please refer to SAI.

Risk Control

Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process.

The risk control process involves reducing risks through portfolio diversification, taking care however not to dilute returns in the process. The AMC believes that this diversification would help achieve the desired level of consistency in returns. Stock specific risk will be minimized by investing only in those companies that have been analyzed by the Investment Team at the AMC. For investments in debt securities, the AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, rigorous and in-depth credit evaluation of the securities proposed to be invested in, will be carried out by the investment team of the AMC. Rated Debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC will be guided but not limited by the ratings of Rating Agencies such as CRISIL, CARE, ICRA and Fitch or any other rating agencies that may be registered with SEBI from time to time. In case a debt instrument is not rated, investment will be in accordance with Guidelines approved by the Board.

The Scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unitholders’ interest.

Portfolio Turnover

The Scheme is an open-ended scheme. It is expected that there would be a number of subscriptions and redemptions on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

<p>Risk Profile of the scheme</p>	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Investment in PGIM India Flexi Cap Fund will involve certain Scheme specific Risk Factors which are summarized below:</p> <ul style="list-style-type: none"> • The Schemes carries risk associated with investing in equity market, which may be volatile and hence prone to price fluctuation on a daily basis. Investment in equities involves a high degree of risk and investors with low risk appetite should not invest in the equity oriented schemes, as there is a risk of losing their investment. • The Scheme carries risk associated with investing in debt and money market instruments. Investment in debt and money market instruments are subject to Interest Rate Risk, Credit Risk, Spread Risk, Liquidity Risk, Counterparty, Risk and Re-investment Risk. As the price / value / interest rates of the securities in which the Scheme invests fluctuate, the value of your investment in the Scheme may go up or down. <p>For details on risk factors and risk mitigation measures, please refer SID.</p>
<p>Plans & Options</p>	<p>The Scheme shall offer two plans viz. Regular Plan and Direct Plan.</p> <p>Direct Plan is only for investors who purchase /subscribe Units in the Scheme directly with the Fund and is not available for investors who route their investments through a Distributor and is offered in accordance with paragraph 2.5 of SEBI Master Circular for Mutual Fund.</p> <p>Each Plan has two Options, viz., Growth Option and Income Distribution cum Capital Withdrawal Option (IDCW).</p> <p>IDCW Option has the following three facilities:</p> <ol style="list-style-type: none"> Payout of Income Distribution cum Capital Withdrawal option (IDCW-Payout); Reinvestment of Income Distribution cum Capital Withdrawal option (IDCW- Reinvestment); Transfer of Income Distribution cum Capital Withdrawal plan (IDCW- Transfer)#. <p>#No fresh application with IDCW Transfer Facility will be accepted w.e.f. February 1, 2024</p> <p>Default Option/Facility:</p> <p>The investor must clearly specify his/her choice of Option/Facility in the application form, in the absence of which, the Default Option/facility would be applicable and the application will be processed accordingly:</p> <p>Default Option: Growth</p> <p>Default Facility Under IDCW Option: IDCW Reinvestment</p> <p>All plans/options under the Scheme shall have common portfolio.</p> <p>Kindly refer SAI for detailed disclosure on:</p> <ol style="list-style-type: none"> Default plans and options; Treatment of purchase/switch/ Systematic Investment Plans (SIPs)/ Systematic Transfer Plans (STPs) transactions received through distributors who are suspended temporarily or terminated permanently by AMFI. Treatment of applications under “Direct” / “Regular” Plans; Other updates
<p>Applicable NAV (after the scheme opens for subscriptions and redemptions)</p>	<p>Subscription/Purchase Including Switch-Ins:-</p> <ol style="list-style-type: none"> In respect of valid application received before 3.00 p.m. on a business day and funds for the entire amount of subscription/ purchase as per the application are credited to the bank account of the Scheme and are available for utilization before the cut-off time, the closing NAV of the day on which the funds are available for utilisation shall be applicable;

	<p>b) In respect of valid application received after 3.00 p.m. on a business day and funds for the entire amount of subscription / purchase as per the application are credited to the bank account of the Scheme and are available for utilization before the cut-off time of the next business day, the closing NAV of the next business day shall be applicable;</p> <p>c) However, irrespective of the time of receipt of valid application on a given Business day, where the funds are not available for utilisation before the cut off time on the day of the application, the closing NAV of the Business Day on which the funds are available for utilisation before the cut-off time (3:00 p.m.) shall be applicable.</p> <p>For determining the availability of funds for utilisation, the funds for the entire amount of subscription/purchase (including switch-in) as per the application should be credited to the bank account of the scheme before the cut-off time and the funds are available for utilisation before the cut-off time without availing any credit facility whether intra-day or otherwise, by the Scheme.</p> <p>Redemptions Including Switch-Outs:</p> <p>1) In respect of valid applications received up to 3 p.m. on a business day by the Mutual Fund, closing NAV of the day of receipt of application, shall be applicable.</p> <p>2) In respect of valid applications received after 3 p.m. on a business day by the Mutual Fund, the closing NAV of the next business day shall be applicable.</p> <p>All physical applications will be time stamped in accordance with the SEBI guidelines.</p> <p>Switch Transactions</p> <p>Valid Switch application will be considered for processing on the earliest day which is a Business Day for both the 'Switch out' scheme and the 'Switch in' scheme.
