This Key Information Memorandum is dated November 27, 2025

Investment Objective	<p>The Investment objective of the Scheme is to generate long term capital growth from a diversified portfolio of equity and equity related securities of predominantly large cap companies.</p> <p>However, there is no assurance that the investment objective of the Scheme will be achieved. The Scheme does not guarantee/ indicate any returns.</p>																														
Asset Allocation Pattern of the scheme	<p>The asset allocation in the Scheme under normal circumstances will be as follows:</p> <table border="1" data-bbox="384 342 1295 685"> <thead> <tr> <th rowspan="2">Instruments</th> <th colspan="2">Indicative allocations (% of total assets)</th> </tr> <tr> <th>Minimum</th> <th>Maximum</th> </tr> </thead> <tbody> <tr> <td>Equities & Equity related instruments of Large Cap companies</td> <td>80%</td> <td>100%</td> </tr> <tr> <td>Equity and Equity related instruments of other companies</td> <td>0%</td> <td>20%</td> </tr> <tr> <td>Debt Securities, Money Market Instruments</td> <td>0%</td> <td>20%</td> </tr> </tbody> </table> <p>Definition of Large Cap, Mid Cap and Small Cap Companies:</p> <ul style="list-style-type: none"> • Large Cap Companies shall be 1st -100th company in terms of full market capitalization; • Mid Cap Companies shall be 101st -250th company in terms of full market capitalization; and • Small Cap Companies shall be 251st company onwards in terms of full market capitalization as per the list prepared by AMFI <p>The AMC shall within a period of one month of updated list provided by AMFI, rebalance the portfolio of the Scheme, if required, in line with updated list.</p> <p>The Investment Manager may review the above pattern of investments based on views on the equity markets and asset liability management needs. However, at all times the portfolio will adhere to the overall investment objective of the Scheme. Investors may note that securities that provide higher returns typically display higher volatility. Accordingly, the investment portfolio of the Scheme would reflect moderate to high volatility in its equity and equity related investments and low to moderate volatility in its debt and money market investments.</p> <p>Indicative Table: (Actual instrument/percentages may vary subject to applicable SEBI circulars)</p> <table border="1" data-bbox="384 1312 1442 2018"> <thead> <tr> <th>Sr. No.</th> <th>Type of Instrument</th> <th>Percentage of exposure</th> <th>Circular references</th> </tr> </thead> <tbody> <tr> <td>1.</td> <td>Derivatives</td> <td>The exposure to derivatives shall be restricted to 50% of the net assets of the Scheme.</td> <td>Paragraph 12.25 of SEBI Master Circular for Mutual Funds.</td> </tr> <tr> <td>2.</td> <td>Securitized Debt</td> <td>If the Scheme decides to invest in securitised debt, such investments will not, exceed 20% of the net assets of the Scheme.</td> <td>Paragraph 12.15 of SEBI Master Circular for Mutual Funds.</td> </tr> <tr> <td>3.</td> <td>Securities lending and Borrowing</td> <td>The Scheme may engage in securities lending. In terms of paragraph 12.24 of SEBI Master Circular for Mutual Funds, the cumulative gross exposure through equity, debt, money market instruments and derivative positions, repo transactions in corporate debt securities and other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time shall not exceed 100% of the net assets of the scheme.

Pending deployment of funds of the Scheme in securities in terms of the investment objective of the Scheme the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines specified in paragraph 12.16 of SEBI Master Circular for Mutual Funds, as amended from time to time. The Scheme will comply with the following guidelines/restrictions for parking of funds in short term deposits:-

- a. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
- b. Such short-term deposits shall be held in the name of the Scheme.
- c. The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with the approval of the Trustee.
- d. Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- e. The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- f. The Scheme shall not park funds in short-term deposit of a bank which has invested in the said Scheme. Further Trustees/AMC shall also ensure that a bank in which scheme has short term deposit does not invest in the Scheme until the Scheme has short term deposits with such bank.
- g. AMC shall not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

However, the above provisions will not apply to term deposits placed as margins for trading in cash and derivatives market.

Overseas Investments by the Scheme:

According to paragraph 12.19 of SEBI Master Circular for Mutual Funds, mutual funds can invest in certain permissible foreign securities.

As per paragraph 12.19 of SEBI Master Circular for Mutual Funds such investments are subject to an overall limit of US\$ 7 billion for all mutual funds put together. The Mutual Funds have been allowed an individual limit of US\$ 1 billion for overseas investments. The Scheme may, with the approval of SEBI/ RBI invest in foreign securities as specified by SEBI. The overall ceiling for investment in overseas ETFs that invest in securities is US \$ 1 billion subject to a maximum of US \$ 300 million per mutual fund.

The AMC is allowed to invest in overseas securities/ETF upto 20% of the average Asset Under Management ('AUM') in overseas securities/ETF of the previous three calendar months subject to maximum limit of USD 1 billion per Mutual Fund. The above limits shall be considered as soft

	<p>limits for the purpose of reporting only by Mutual Funds on monthly basis as per paragraph 12.19.1.3(d) of SEBI Master Circular for Mutual Funds.</p> <p>The Mutual Fund may, where necessary will appoint intermediaries as sub-managers, sub-custodians, etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses.</p> <p><u>Portfolio rebalancing:</u></p> <p>As per paragraph 2.9 of SEBI Master Circular for Mutual Funds, as may be amended/ clarified from time to time, in the event of passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within thirty (30) business days. In case the portfolio is not rebalanced within the period of thirty (30) business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid regulation including reporting the deviation to Trustees at each stage.</p> <p><u>Short term defensive consideration:</u></p> <p>Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations in line with paragraph 1.14.1.2(b) of SEBI Master Circular for Mutual Funds and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation.</p>
<p>Investment Strategy</p>	<p>The scheme seeks to provide long-term capital growth from an actively managed portfolio, mainly comprising Large Cap companies.</p> <p>A top down and bottom up approach will be used to invest in equity and equity related instruments. Investments will be pursued in selected sectors based on the Investment team’s analysis of business cycles, regulatory reforms, competitive advantage etc. Selective stock picking will be done from these sectors. The fund manager in selecting scrips will focus on the fundamentals of the business, the industry structure, the quality of management, sensitivity to economic factors, the financial strength of the company and the key earnings drivers. Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. Stock specific risk will be minimized by investing only in those companies that have been analyzed by the Investment team at the AMC. Risk will also be reduced through adequate diversification of the portfolio. Diversification will be achieved by spreading the investments over a range of industries/sectors. The Scheme may however, invest in unlisted and/or privately placed securities subject to the limits indicated under “Investment Restrictions for the Scheme(s)” from issuers of repute and sound financial standing. If investment is made in unlisted securities, the approval of the Investment Committee (constituted by the Board of the AMC) shall be obtained, as per the Regulations and within the broad parameters approved by the Board of the AMC.</p> <p>As per the asset allocation pattern indicated above, for investment in debt securities and money market instruments, the Fund may invest a part of the portfolio in various debt securities issued by corporate and/or State and Central Government. Such government securities may include securities which are supported by the ability to borrow from the treasury or supported only by the sovereign guarantee or of the state government or supported by Government of India/State Government in some other way. The Scheme may invest in other scheme(s) managed by the AMC or in the scheme(s) of any other mutual fund, provided it is in conformity with the investment objectives of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.</p> <p>DERIVATIVE STRATEGY</p> <p>The Scheme may invest in various derivative instruments which are permissible under the applicable regulations. Such investments shall be subject to the investment objective and strategy of the Scheme and the internal limits if any, as laid down from time to time. These include but are not</p>

limited to futures (both stock and index) and options (stock and index). Derivatives are financial contracts of pre-determined fixed duration, whose values are derived from the value of an underlying primary financial instrument such as interest rates, exchange rates, commodities and equities. There are several advantages in using derivatives in the portfolio. The use of derivatives provides flexibility to the Scheme to hedge whole or part of the portfolio.

The risks associated with derivatives are similar to those associated with underlying investments. The additional risks of using derivative strategies could be on account of:

- Illiquidity;
- Potential mispricing of the Futures/Options;
- Lack of opportunity;
- Inability of derivatives to correlate perfectly with the underlying (Indices, Assets, Exchange Rates);
- Cost of hedge can be higher than adverse impact of market movements;
- An exposure to derivatives in excess of the hedging requirements can lead to losses;
- An exposure to derivatives can also limit the profits from a genuine investment transaction.
- The prices which are seen on the screen need not be the same at which execution will take place.

For detailed risks associated with use of derivatives, please refer paragraph “Scheme Specific Risk Factors”

For further details regarding concepts and examples of derivatives that may be used by the fund manager, please refer to SAI.

Securitisation

Asset securitisation is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments. A typical process of asset securitisation involves sale of specific Receivables to a Special Purpose Vehicle (SPV) set up in the form of a trust or a company. The SPV in turn issues financial instruments (e.g., promissory notes, pass through certificates or other debt instruments) to investors, such instruments evidencing the beneficial ownership of the investors in the Receivables. The financial instruments are rated by an independent credit rating agency. An Investor’s Agent is normally appointed for providing trusteeship services for the transaction.

On the recommendation of the credit rating agency, additional credit support (Credit Enhancement) may be provided in order that the instrument may receive the desired level of rating. Typically the servicing of the Receivables is continued by the seller in the capacity of the Servicer. Cash flows, as and when they are received, are passed onto the investors.

Risk Control

Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process.

The risk control process involves reducing risks through portfolio diversification, taking care however not to dilute returns in the process. The AMC believes that this diversification would help achieve the desired level of consistency in returns. Stock specific risk will be minimized by investing only in those companies that have been analyzed by the Investment Team at the AMC. For investments in debt securities, the AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, rigorous and in-depth credit evaluation of the securities proposed to be invested in, will be carried out by the investment team of the AMC. Rated Debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC will be guided but not limited by the ratings of Rating Agencies such as CRISIL, CARE, ICRA and Fitch or any other rating agencies that may be registered with SEBI from time to time. In case a debt instrument is not rated, investment will be in accordance with Guidelines approved by the Board.

The Scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unitholders’ interest.

	<p>Portfolio Turnover</p> <p>Portfolio turnover is defined as the aggregate of purchases and sales as a percentage of the corpus of the Scheme during a specified period of time. Portfolio turnover in the Scheme will be a function of market opportunities. The economic environment changes on a continuous basis and exposes debt portfolio to systematic as well as nonsystematic risk. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.</p> <p>The Investment Manager will endeavor to optimise portfolio turnover to optimise risk adjusted return keeping in mind the cost associated with it. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of arbitrage opportunities that exist for scrip/securities held in the portfolio rather than an indication of a change in AMC's view on a scrip, etc.</p>
<p>Risk Profile of the scheme</p>	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the Scheme Information Document (SID) carefully for details on risk factors before investment.</p> <p>For details on risk factors and risk mitigation measures, please refer SID.</p>
<p>Plans & Options</p>	<p>The Scheme offers two plans viz. Regular Plan and Direct Plan.</p> <p>Direct Plan is only for investors who purchase /subscribe Units in the Scheme directly with the Fund and is not available for investors who route their investments through a Distributor and is offered in accordance with paragraph 2.5 of SEBI Master Circular for Mutual Fund.</p> <p>Each Plan has two Options, viz., Growth Option and Income Distribution cum Capital Withdrawal Option (IDCW).</p> <p>IDCW Option has the following two facilities:</p> <ol style="list-style-type: none"> i. Dividend Policy (IDCW)	<p>Under the IDCW Option, IDCW will be declared as per the frequency indicated above or as may be decided as per the discretion of the Trustee, subject to availability of distributable surplus calculated in accordance with SEBI (MF) Regulations. Further investors are requested to note that the amounts can be distributed out of investors capital (Equalization Reserve) which is part of a sale price that represents realized gains. It must be clearly understood that there is neither any assurance that the IDCW will be declared regularly nor any assurance as to the rate of IDCW. If the Record Date for IDCW distribution falls on a Non-Business Day, the Record Date shall be immediately following Business Day.</p> <p><u>IDCW Distribution Procedure</u></p> <p>In accordance with chapter 11 of SEBI Master Circular for Mutual Fund, the procedure for IDCW declaration / distribution for schemes having frequency of IDCW distribution other than daily upto monthly frequency would be as under :</p>

	<p>Quantum of IDCW and the record date will be fixed by the Trustee. IDCW so decided shall be paid, subject to availability of distributable surplus.</p> <p>Within one calendar day of decision by the Trustee, the AMC shall issue notice to the public communicating the decision about the IDCW including the record date,.</p> <p>The Record Date shall be the date, which will be considered for the purpose of determining the eligibility of investors whose names appear on the register of Unit holders for receiving IDCW. The Record Date will be 2 working days from the date of publication in at least one English newspaper or in a newspaper published in the language of the region where the Head Office of the mutual fund is situated, whichever is issued earlier.</p> <p>The NAV will be adjusted to the extent of IDCW distribution and statutory levy, if any, at the close of business hours on record date</p> <p>Procedure for IDCW Reinvestment:</p> <p>Under the IDCW Reinvestment, the IDCW amount will be re-invested (at the applicable ex-IDCW NAV) in the IDCW Option of the Scheme or in the Target scheme. The amount of IDCW re-invested will be net of statutory levy, if any. The additional Units created by way of reinvestment of IDCW would be added to the units already held by the Unitholder. The IDCW so re-invested shall constitute a constructive payment of IDCW to the Unitholders and a constructive receipt of the same amount from each Unitholder. There shall be no load on the IDCW so reinvested.</p> <p>Procedure for IDCW Pay Out:</p> <p>The IDCW proceeds may be paid by way of cheque, or remitted electronically by way of / Direct credits / National Electronic Fund Transfer (NEFT) / Real Time Gross Settlement (RTGS) or any other electronic manner, if sufficient bank account details of the unitholder are available with the Mutual Fund to the Unitholder's bank account as recorded in the Registrar's records, within 7 working days from the record date.</p> <p>In case of specific request for IDCW payment through the physical mode or unavailability of sufficient bank details with the Mutual Fund, the IDCW will be paid by cheque / demand draft and payment will be made in favor of the sole / 1st Unit holder with bank account details furnished to the Mutual Fund.</p> <p>The AMC, at its discretion at a later date, may choose to alter or add other modes of payment.</p> <p>Effect of IDCW:</p> <p>Upon payment of IDCW (including reinvestment of IDCW), the NAV attributable to Units in the respective IDCW Option will stand reduced by the IDCW amount, statutory levy, if any. The NAV of the Growth Option will remain unaffected by the payment of IDCW.</p> <p>Although the Scheme will have a common portfolio for both Growth and IDCW Options, the NAVs of the two Options will be distinctly different after declaration of the first IDCW to the extent of income distributed, distribution tax and statutory levy thereon.</p>
